## TEAM PROFILE

Empowered by Teamwork, Driven by Expertise

Lets Start Together 

SFA TAQDEER TEAM

# ABOUT US

SFA Taqdeer Team was formed by a group of young, dynamic, and visionary professionals who came together to make a meaningful impact in the field of water solutions in Saudi Arabia. Through our collaboration, we have made significant contributions to various water management projects across the region.

Our team comprises individuals with proven experience from leading firms, enabling us to tackle challenges effectively and innovate solutions that meet the urgent needs of sustainable water resource management. We are committed to leveraging our collective expertise to enhance water infrastructure in Saudi Arabia.

SFA TAQDEER TEAM

# WHAT WE DO

## PIPELINE CONSTRUCTION

Specialized In Large-Diameter Pipeline Construction with Pipe Sizes Ranging from 12" to 100", Delivering High-Capacity Water Transmission and Distribution Networks.

## PUMP STATIONS & VALVE STATIONS

Design, Construction, and Commissioning of Pump and Valve Stations for Efficient Water Management.

## STEEL TANK FABRICATION & ERECTION

Design, Construction, Fabrication, Hydrotesting, and Commissioning of High-Capacity Steel Tanks Ranging from 25,000 m<sup>3</sup> to 190,000 m<sup>3</sup>, Built to Meet the Highest Quality and Safety Standards.

## POWER PLANT MECHANICAL & PIPING WORKS

Comprehensive mechanical and piping works for power plants, ensuring operational efficiency and long-term durability.

## PROJECT MANAGEMENT

Ensuring projects are completed on time and within budget through effective planning and oversight.

## CONSULTATION SERVICES

Offering expert insights for project planning, design, and execution to address our clients' unique challenges.

# HSE (HEALTH, SAFETY, AND ENVIRONMENT)

At SFA Taqdeer Team, we prioritize the safety and well-being of our employees, partners, and the communities in which we operate. Our HSE policies are built around international safety standards, ensuring that every project we undertake is executed with minimal risk to people and the environment. We implement rigorous safety protocols and continuously train our staff to maintain a safe work environment. By focusing on sustainability and environmental responsibility, we contribute to a safer, healthier, and more sustainable future for Saudi Arabia.

## WHY SAUDI ARABIA?

At Taqdeer, our commitment to Saudi Arabia goes beyond business—it's a dedication to the nation's growth and development. For 20 years, we have contributed to water management and infrastructure, addressing key challenges and improving communities. Every project we undertake is a step toward a sustainable future, creating lasting value through reliable water resources, job creation, and innovation. We're not just building infrastructure; we're building trust and a shared vision for a better tomorrow.
